April 8, 2010

Board of Land and Natural Resources
State of Hawaii
Honolulu, Hawaii

**Approval to Issue Invitations for Bids
For Federal Transit Administration Funded Maui County Ferry Improvement Projects
With State Department of Transportation
General Provisions and Other Appropriate Documents and Forms**

The Engineering Division desires to issue Invitations for Bids for Federal Transit Administration (FTA) funded Maui County Ferry Improvement projects with State Department of Transportation (SDOT) General Provisions and other appropriate documents and forms.

BACKGROUND:

The Department's Interim General Conditions dated October 1994 is included in all the Department's Invitations for Bids for State funded construction projects. FTA funded Maui County Ferry Improvements are Federal projects that need to be compliant with all applicable Federal regulations, rules and statutes.

The Department is the subrecipient of the FTA funds which are administered through the SDOT. SDOT provides oversight of the Department to ensure that the project and the expenditure of these funds meet the requirements of FTA. The SDOT's General Provisions and other documents and forms are structured for federally funded projects while the Department's Interim General Conditions are applicable to State funded projects.

Substituting SDOT General Provisions and other documents and forms in place of the Department's Interim General Conditions and similar documents would ensure compliance with Federal requirements.

RECOMMENDATION:

That the Board authorize the Chairperson to issue Invitations for Bids for Federal Transit Administration (FTA) funded Maui County Ferry Improvement projects with State Department of Transportation (SDOT) General Provisions and other appropriate documents and forms.

Respectfully submitted,

CARTY S. CHANG
Acting Chief Engineer

Requested by:

EDWARD R. UNDERWOOD, Administrator
Division of Boating and Ocean Recreation

Approved For Submittal:

LAURA H. THIELEN, Chairperson
